MESSAGE FROM MAYOR LENARD KWASNY

We, in Onoway are fortunate to have the best Alberta has to offer. As the "Hub of the Highways" we continue to enjoy our small town living while being close to services that are not available within our community. Our businesses are an integral part of our community and I want to encourage everyone to shop local. That being said, Council has re-activated the Economic Development & Tourism Committee and has made Economic Development and business support a priority. This committee will be planning in 2023 along with an introduction to business and development opportunities in 2023. This is an opportunity to plan sustainable growth in Onoway.

2023 Budget addressed rising inflation and third-party service costs. While increasing costs are difficult to manage Council understands that these costs affect not only local government but businesses and residents as well.

The budget for 2023 includes a tax increase to cover inflation and amortization for capital improvements to ensure services levels are maintained at the current level. The increase is about \$4 per month for the average taxpayer. We believe that the Town of Onoway will continue to provide value for the amount that taxpayers invest in our community. Council and staff are looking at ways to be more efficient, including collaborating with neighbouring municipalities to develop cost-saving strategies that will maintain a low tax rate increase for the future.

We believe that Onoway will continue to grow sustainably and be the community of choice for urban living within a small town atmosphere!

ASSESSMENT INFORMATION

The assessment value amount that is on your notice is an estimate of the market value of your property as of July 2022. The assessment complaint process is governed by the Municipal Government Act.

If you have concerns regarding the assessed value of your property, you should contact our assessor to try to resolve the issue. The primary objective is to give the complainant and the assessor the maximum opportunity to come to an agreement and so avoid an official complaint, and its costs.

On the back of your tax notice, you will find more information, including the contact information for our assessor. Please keep in mind that the assessor does not set the Town tax rates and therefore cannot answer questions about property taxation. Nor can they address questions about Town services, etc.

For tax rate questions, or questions about services, or for general inquiries, please contact our office.
