Re: Official Recall Notice

Respectfully and with prejudice, I Johnathan Jeffery Jack Longstaff is submitting a recall notification for the removal of **Mayor Len Kwasny** consistent with Section 240.2 and 240.8 of Alberta's Municipal Government Act.

I submit this recall for the following reasons:

- 1) Lack of public trust and confidence in these elected officials over the past 2 years.
- 2) Breached their oath of office no less than 11 times and continue to do so.
- 3) Ending staff and essential service contracts without cause and without public notification or information. A former town employee, now councillor, has made it her mission to remove all who were employed when she was fired. She has the majority vote with her friends being the mayor and deputy mayor, respectively. This personal vendetta has come at great cost to the Town. Large payouts and legal costs using Town reserves has left the Town in a precarious situation, being there are not enough funds should an emergency arise.
- 4) Creating a toxic environment resulting in tenants from the town office leaving, reducing town income. Now they are using taxpayers dollars to renovate the space to accommodate an increase in staff when population remains the same.
- 5) The mayor and deputy mayor have been conducting Town business in poor faith. The mayor, deputy mayor and CAO have been holding secret meetings, without council knowledge or vote, on essential services. The decision was made to give termination notice to our fire department without communicating with Onoway's fire department, contracted member municipalities or the public they serve. Essential services that protect lives and property. Essential service that protect and serve 10 municipalities. Services that bring revenue to Onoway and have a positive financial impact.

Sincerely

Jonathan Jeffery Jack Longstaff
