TOWN OF ONOWAY

Financial Statements

For The Year Ended December 31, 2018

MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL REPORTING

To the Mayor and Council of the Town of Onoway

Management of the Town of Onoway is responsible for the accompanying financial statements. The financial statements have been prepared by management in accordance with Canadian public sector accounting standards.

To assist in meeting its responsibility, management maintains appropriate systems of control and administrative controls designed to provide reasonable assurance that transactions are appropriately authorized and accurately recorded, that assets are properly accounted for and safeguarded, and that financial information produced is relevant and reliable.

The preparation of financial statements necessarily includes some amounts which are based on best estimates and judgments of management.

The financial statements have been audited by Metrix Group LLP, Chartered Professional Accountants. Their report to the Mayor and Town Council, stating the scope of their examination and opinion on the financial statements follows.

Wendy Wildman

Chief Administrative Officer

INDEPENDENT AUDITORS' REPORT

To the Mayor and Council of the Town of Onoway

Opinion

We have audited the financial statements of the Town of Onoway, which comprise the statement of financial position as at December 31, 2018, and the statements of operations and accumulated surplus, changes in net debt, and cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Town of Onoway as at December 31, 2018, and the results of its operations, changes in net debt, and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Town in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our ethical responsibilities in accordance with these requirements. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian public sector accounting standards, and for such control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Town's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless management either intends to liquidate the Town or to cease operations, or has no realistic alternative but to do so.

Those charged with governance (Council) are responsible for overseeing the Town's financial reporting process.

Auditors' Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but it is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing
 an opinion on the effectiveness of the Town's internal control.
- Evaluate the appropriateness of accounting policies and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Town's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date or our auditors' report. However, future events or conditions may cause the Board to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including significant deficiencies in internal control that we identify during our audit.

1. SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Town are the representations of management prepared in accordance with Canadian public sector accounting standards. Significant aspects of the accounting policies adopted by the Town are as follows:

(a) Reporting Entity

The financial statements reflect assets, liabilities, revenue and expenses and changes in fund balances and changes in financial position of the Town. This is comprised of the municipal operations plus all of the organizations that are owned or accountable to the Town Council for the administration of their financial affairs and resources.

The schedule of taxes levied also includes requisitions for education, health, social and other external organizations that are not part of the municipal reporting entity.

The statements exclude trust assets that are administered for the benefit of external parties.

(b) Basis of Accounting

Revenues are accounted for in the period in which the transactions or events occurred that gave rise to the revenues.

Funds from external parties and earnings thereon restricted by agreement or legislation are accounted for as deferred revenue until used for the purpose specified.

Government transfers are recognized in the financial statements as revenue in the period that the events giving rise to the transfer occurred, providing the transfers are authorized, any eligibility criteria have been met by the municipality, and reasonable estimates of the amounts can be made.

Expenses are recognized in the period the goods and services are acquired and a liability is incurred or transfers are due.

(c) Cash and Cash Equivalents

Cash and cash equivalents include items that are readily convertible to known amounts of cash, are subject to an insignificant risk of change in value, and have a maturity of one year or less at acquisition.

(d) Land Held for Resale

Land held for resale is recorded at the lower of cost or net realizable value. Cost includes costs for land acquisition and improvements required to prepare the land for servicing such as clearing, stripping, and levelling charges. Related development costs incurred to provide infrastructure such as water and wastewater services, roads, sidewalks, and street lighting are recorded as physical assets under their respective function.

(e) Use of Estimates

The preparation of financial statements in conformity with the accounting principles for local governments established by the Public Sector Accounting Board requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenditures during the period. Where measurement uncertainty exists, the financial statements have been prepared within reasonable limits of materiality. Actual results could differ from those estimates.

1. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(f) Tax Revenue

Property taxes are recognized as revenue in the year they are levied.

Construction and borrowing costs associated with local improvement projects are recovered through annual special assessments during the period of the related borrowing. These levies are collectable from property owners for work performed by the Town and are recognized as revenue in the year the tax is levied.

(g) Tangible Capital Assets

Tangible capital assets are recorded at cost which includes all amounts that are directly attributable to acquisition, construction, development or betterment of the asset. The cost, less residual value, of the tangible capital assets is amortized on a straight-line basis over their estimated useful lives as follows:

Engineered structures	
Water systems	45 - 75 years
Wastewater systems	75 years
Roadways	10 - 20 years
Storm systems	75 years
Buildings	25 & 50 years
Machinery and equipment	5 - 33 years
Vehicles	10 years

Tangible capital assets received as contributions are recorded at fair value at the date of receipt and also are recorded as revenue.

Works of art for display are not recorded as tangible capital assets but are disclosed.

(h) Contaminated Sites

Contaminated sites are defined as the result of contamination being introduced in air, soil,water or sediment of a chemical, organic, or radioactive material or live organism that exceeds an environmental standard. A liability for remediation on contaminated sites is recognized, net of any recoveries, when an environmental standard exists, contamination exceeds the environmental standard, the Town is directly responsible for or accepts responsibility for the liability, future economic benefits will be given up, and a reasonable estimate of the liability can be made.

(i) Under-Levies and Over-Levies

Under-levies and over-levies arise from the difference between the actual levy made to cover each requisition and the actual amount requisitioned.

In situations where the actual levy is less than the requisition amount, the under-levy is accrued as a receivable and reflected as property taxes. If the actual levy exceeds the requisition, the over-levy is accrued as a liability and property tax revenue is reduced.

Requisition tax rates in the subsequent year are adjusted for any under-levies or over-levies of the prior year.

Salary includes regular base pay, lump sum payments, gross honoraria and any other direct cash remuneration.

Benefits and allowances include the employer's share of all employee benefits and contributions or payments made on behalf of employees, and the employer's share of the costs of any additional taxable benefits.

13. CONTRACTUAL OBLIGATIONS

The Town has entered into an agreement for the provision of emergency first response, fire suppression, and emergency rescue services for the period January 1, 2016 - December 31, 2020. The basic annual fee for these services is approximately \$45,000 annually.

14. UTILITY FRANCHISE AGREEMENTS

Disclosure of utility franchise agreement annual revenues as required by Alberta Regulation 313/2000 is as follows:

		2018	 2017
Fortis Alberta Inc. Atco Gas	\$	61,414 24,652	\$ 61,134 22,114
	\$	86,066	\$ 83,248

15. FINANCIAL INSTRUMENTS

The Town's financial instruments consist of cash and cash equivalents, receivables, accounts payable and accrued liabilities, and long-term debt. It is management's opinion that the Town is not exposed to significant interest, currency or credit risk arising from these financial instruments. Unless otherwise noted, the fair values of these financial instruments approximate their carrying values.

The Town is exposed to credit risk with respect to receivables. Credit risk arises from the possibility that customers may experience financial difficulty and be unable to fulfill their obligations. The large number and diversity of customers minimizes the Town's credit risk.

16. BUDGET

The 2018 budget data presented in these financial statements is based on the operating and capital budgets approved by Council on May 1, 2018. The chart below reconciles the approved financial plan to the figures reported in these financial statements.
